No rolling backpacks please! Our classrooms are upstairs and the students with rolling backpacks have to carry them up and down the stairs and this can be very dangerous and cumbersome. Also, if a student has a backpack with wheels, the student that shares a cubby with them has no room for their backpack.

No metal water bottles. They make very loud noises when they fall or are tapped repeatedly. Students may bring a plastic water bottle if it is used responsibly for hydration and not as a toy.

Donations: These items would be very useful if you are willing to donate.

Colored copy paper, reward stickers, origami paper for class activities, mechanical pencils or erasers for prize rewards. Thank you!
